Postdoctoral Fellowship Opportunities

GAME 2025

Post Doctoral Positions

<https://maths.ed.ac.uk/jobs/postdoctoral-fellowship-opportunities>

[EPSRC Postdoctoral Fellowships](#) are available in the following thematic areas: Intradisciplinary Research; New Connections from Mathematical Sciences; Mathematical Aspects of Operational Research; Continuum Mathematics and Advanced Materials in Mathematical Sciences; Statistics and its Interfaces (advised submission dates early February and late July).

[NERC Independent Research Fellowships](#) are designed to develop scientific leadership among the most promising early-career environmental scientists. Deadline usually September/October.

[STFC Ernest Rutherford Fellowships](#) are for researchers with clear leadership potential to establish a strong, independent research programme. Deadline usually late September.

[UKRI Future Leaders Fellowships](#) will grow the strong supply of talented individuals needed to ensure a vibrant environment for research and innovation in the UK. The scheme is open to researchers and innovators from across business, universities, and other organisations.

[Marie Skłodowska-Curie Individual Fellowships](#) fund researchers looking to enhance their career development and prospects by working abroad. Deadline usually September.

[Leverhulme Trust Early Career Fellowships](#) aim to provide career development opportunities for those who are at a relatively early stage of their academic careers, but who have a proven record of research. Deadline usually February.

[Royal Society University Research Fellowships](#) are for outstanding candidates who have between 3-8 years of research experience post PhD and have the potential to become research leaders in their field. Deadline usually September.

[Royal Society Dorothy Hodgkin Fellowships](#) offer a recognised first step into an independent research career for outstanding scientists and engineers at an early stage of their research career who require a flexible working pattern due to personal circumstances, such as parenting or caring responsibilities or health issues. Deadline usually October/November.

[Daphne Jackson Fellowships](#) offer professionals working in STEM and related disciplines the opportunity to return to research following a career break of two years or more when taken for family, caring or health reasons.

[Biometrika Research Fellowships](#) are for junior researchers in statistical theory and methodology. Deadline usually March.

Acknowledging the Workshop

Continuing the Impact Together

Attribution

- We kindly encourage participants to acknowledge this workshop in any research outcomes—papers, grant applications, or other scholarly outputs—that have directly or indirectly benefited from it.
- In turn, we would be delighted to feature your work on the workshop website. Please feel free to share links to relevant papers, grants, or projects.
